Examen des valeurs de position de nombres entiers Nom:

Comparez les valeurs de chacun des chiffres.

1) 364 121
The 1 in the billions place is _____ the value of the 1 in the unités place.

2) 388
The 8 in the dizaines place is _____ the value of the 8 in the unités place.

3) 66 211
The 6 in the millions place is _____ the value of the 6 in the centaines place.

4) 248 866
The 8 in the centaines place is _____ the value of the 8 in the billions place.

5) 313
The 3 in the billions place is _____ the value of the 3 in the unités place.

6) 93 859
The 9 in the unités place is _____ the value of the 9 in the millions place.

7) 8 814
The 8 in the billions place is _____ the value of the 8 in the centaines place.

8) 1 994
The 9 in the dizaines place is _____ the value of the 9 in the billions place.

9) 139 898
The 8 in the unités place is _____ the value of the 8 in the billions place.

10) 1 451 537
The 5 in the billions place is _____ the value of the 5 in the millions place.

11) 5 814 742
The 4 in the dizaines place is _____ the value of the 4 in the centaines place.

12) 88 376
The 8 in the centaines place is _____ the value of the 8 in the millions place.

13) 9 159
The 9 in the unités place is _____ the value of the 9 in the centaines place.

Réponses

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
11. _____
12. _____
13. _____
